#### Focus on sustainability -

- √ Reusable water bottle during your event
- √ Reusable face mask (company colour)
- √ Modes of transport within the city that minimize personal contact and effect on the environment, for instance; by bike or electric car

## Did you know?

- ✓ Dutch Green Heritage has over 4.777 km of walking paths for a healthy nature walk
- √ That in the Netherlands there are twice as many bikes as cars, with over 15.000 km of cycle tracks
- √ The Netherlands is ranked top 3 within Europe as a clean source of tap water

### Enjoy your stay -----

- √ Flexible booking and cancellation conditions
- ✓ Limited physical interaction (safe check-in and -out)
- √ Extensive cleaning and air circulation
- √ Hygiene measures and personnel following health protocols as set by the Dutch government

#### Your visit and event in The Netherlands

- √ Signage, markers and sanitizer to assist in following the distancing. and hygienic regulations
- √ Assistance to coordinate visitor flow and capacity
- ✓ Activities, events and workshops following the rules set by the National Institute for Public Health and the Environment
- √ E-tickets to limit physical interaction and self-check in

We will only get the virus under control if everyone keeps to the basic rules: practice good hygiene, stay 1.5 metres apart, avoid busy places and wear a face mask. Anyone with symptoms of COVID-19 should stay home and get tested.
